TOAST LEVELS—CHARRED TO PERFECTION.

Based on the needs of your distillery, we can achieve subtly varying flavors and aromas such as sweet caramel, smoke, spice, coffee, chocolate and vanilla.

#3 CHAR

Our standard, a #3 "Alligator" char provides the most vanillins. Caramel and toffee flavors are also present that work well for Bourbons and provide a beautiful dark amber color.

#4 CHAR

Our second most popular, a #4 char adds smoke, coffee and chocolate flavors and a darker color – working wonderfully for Rye Whiskeys.

CUSTOM CHAR

Upon request, we will work with you to determine which char level - #2 or #5 - will help you achieve your desired flavor profile.
